

Paul (P.J.) Bulger - Member of the Board of Directors, Montgomery County Chamber Community Foundation (MCCCF)

Mr. Bulger serves as a Member of the Board of Directors for the Montgomery County Chamber Community Foundation (MCCCF). In this role, he provides strategic guidance to MCCCF helping to formulate strategies to promote the success of Veteran Owned Small Businesses (VOSBs) within the Federal marketplace. His professional experience includes 33 years developing and executing corporate growth programs in the Federal sector. He's served in several C-Level and Executive positions for both public and private firms to include General Manager of Powertek Corporation, Senior Vice President of QinetiQ North America, President of 3H Technology Federal Corp., Senior Vice President of 3H Technology, LLC (sold to QinetiQ in 2007), President & CEO of Identix Public Sector, Inc., and President and CEO of ANADAC, Inc.

Mr. Bulger has a proven record for developing and growing small businesses, achieving annual growth rates between 35-50 percent, positioning firms for the transition to compete in a full and open environment, and ultimately developing owner acquisition and exit strategies to include business divestiture and/or public offerings.

Throughout his career he served as the key strategist for capturing and executing large US Government-Wide Acquisition Contracts (GWACs), multi-agency Indefinite Delivery Indefinite Quantity (IDIQ) Contracts, GSA Schedules, as well as engineering and information technology contracts. He's also served on the Board of Directors for several companies, including Identix, Inc. a public corporation that designs and markets biometric-security products (now L-1); ANADAC, Inc. an engineering services company supporting the Department of Defense; and Legislative Demographic Services, a software firm that distributes legislative software packages.
