

July 1, 2022

The Honorable Ben Cardin
Chair
Committee on Small Business &
Entrepreneurship
U.S. Senate
428A Russell Senate Office Building
Washington, D.C. 20510

The Honorable Rand Paul
Ranking Member
Committee on Small Business &
Entrepreneurship
U.S. Senate
428A Russell Senate Office Building
Washington, D.C. 20510

Dear Chair Cardin and Ranking Member Paul,

We are writing to express our support for H.R.7694, the *Strengthening Subcontracting for Small Businesses Act of 2022*, passed by the House on June 8, 2022. This bill expands the importance of subcontracting plan performance in agency evaluation of offerors and makes subcontracting plan performance a more important factor in winning future work.

Amid a decline in awarding direct contracts to small businesses and contract consolidation, subcontracting is one of the best opportunities for small businesses to enter and grow in the federal marketplace. However, working as a subcontractor comes with its own set of challenges. Too often, small companies that help a prime contractor win a proposal receive little or no work once the contract is awarded. Since the government does not have a relationship with subcontractors, small businesses have very little leverage to remedy this problem. The *Strengthening Subcontracting for Small Businesses Act of 2022* improves the subcontracting ecosystem to help ensure that federal government contractors are utilizing small businesses in subcontracts.

Small businesses should have every opportunity to succeed and grow in the federal marketplace. We encourage the Senate to pass this important legislation.

Sincerely,

GovEvolve
